These drama achievement reports are designed to help teachers assess a child's progress in drama and theatre activities. They have been created with schools, youth theatres and performing arts organisations in mind.

The reports are divided into four age groups: 3-5 years, 5-7 years, 8-10 years and 11-13 years and focus on development in personal, social and performance skills. Children are assessed in four key skills areas:

Co-operate: how they work with other students and respond to the teacher

Create: how they use their imaginations to develop, devise and design work

Perform: how they present their ideas and employ practical theatre skills

Reflect: how they assess their own and others' work and understand what changes need to be made

Marking is made using indicators and is based on observations by the class teacher. Children progress from WEAK skills in a skills area to EXCELLENT skills, as noted. This is the fairest and most effective way to record achievement in each area and to observe progress through a term or semester.

Each report also allows for comments on any specific issues, developments, or achievements and provides for noting future aims for each individual child.

These reports are not accredited to any organisation but are the work of **Arts On The Move** and are based on 30 years' of professional teaching and directing.

For further drama planning in your school Arts On The Move has produced a **Primary School Drama Policy**.

DRAMA ACHIEVEMENT REPORT (5 – 7 YEARS)

CHILD'S NAME	CLASS			DATE		
By the age of 7 children should be able to:	EXCELLENT	GOOD	AVERAGE	WITH EFFORT	WEAK	
,			_			
Co-operate:						
Work well with other students
